Architectural Cable Railing Products

Cable railing fittings that are as attractive as they are functional

Call 0845 108 7770 For Further Details or
email your drawings for an assessment and quotation

Aesthetics-

Cable terminations and tensioners can be hidden within the upright.

Ease of use-

Swageless Push & Pull-Lock Fittings. Fittings attach directly to the cable by hand. No special tools required!

Simple -

Available in kit form for simple on-site installation.
